

# MONOLITH

## TYPE 1 DIVING POOL

### POOL SIZE

16' X 40'

If your home team loves to play, this is the pool for you. With Monolith, it's always game on.

1. **Large, flat-bottomed shallow-end** is ideal for water games like basketball.
2. **15" warning slope** alerts children and adults alike that they're leaving the shallow-end. Note: this transition area should be designated with safety rope and floats.
3. **Dual, deep-end seats with swim-outs** give you extra options for visiting and relaxing.
4. **Wide-open swim lane** allows room for play and exercise.
5. **Non-skid surface** on the floor, stairs, and benches is easy on your feet and your swimsuit.
6. **Auto-cover ready** to help you keep your new pool safe and clean.

All measurements given reflect the dimensions of the pool to the exterior of the pool structure, not the dimensions of the pool interior.

1. All depths reflect the depth of the pool structure. Water depths may vary depending on the amount of water in the pool.
2. Additional specifications are available at [thursdaypools.com](http://thursdaypools.com).

\*Thursday Pools strongly recommends that diving boards and slides not be installed or used with its pools, given the inherent dangers associated with diving boards and slides in residential pools. These dangers include brain, spinal cord and other severe permanent injuries, and death. For that reason, Thursday Pools does not manufacture or sell diving boards or slides. If, despite this warning and recommendation, the owner decides to install or use a diving board or slide, the owner assumes all risks inherent with a diving board or slide, and Thursday Pools further warns that diving boards and slides require minimum depths and distances and must be installed and used in strict compliance with the equipment manufacturer's specifications and ANSI/NSPI, ANSI/APSP, and ANSI/APSP/ICC standards, as well as in compliance with all applicable laws, rules and regulations. The owner is responsible for making sure the pool is appropriate for diving boards and slides and otherwise meets all standards and laws for diving pools, and the owner must consult the diving board or slide manufacturer and/or installer as to the appropriateness of the pool for the diving board or slide and that its installation, location and use meet all standards and laws for diving and slide pools.
